STATE BAR OF TEXAS

LEGAL SERVICES TO THE POOR IN CIVIL MATTERS COMMITTEE

Pro Bono Staff Support Award

The Pro Bono Staff Support Award recognizes the invaluable contributions that non-attorney volunteers provide. Its purpose is to promote the awareness of pro bono activities that non-attorneys can participate in and to encourage non-attorneys who work in the legal profession to volunteer their time and specialty skills to pro bono projects within their community. Non-attorney volunteers are invited to foster the development of pro bono projects, provide assistance to established pro bono programs, and work closely with attorneys to provide unmet legal services to low-income Texans.

To qualify for this award, an individual must provide legal assistance, without compensation, in a non-mandatory program, that requires specific legal skills, knowledge, or training, under the supervision of a licensed attorney or qualified organization. Services may be provided through such organizations as, but not limited to, legal aid programs, community legal clinics, bar associations, courts, or government agencies.

Recipients of this award will be honored as part of the Pro Bono Excellence Award winners at the State Bar of Texas Annual Meeting.
