*Plan as presented on April 19, 2024. The timing and action steps are subject to change.

** Example provided is for active lawyers licensed over 5 years. Dues increase amounts for other types of members will be calculated on a percentage increase of the prior year dues amounts.

*** Current projections estimate an additional 16% dues increase is needed, bringing member dues to a maximum of \$300. Members would have the opportunity to vote on the additional dues increase, and a majority vote is required for approval.
